## McLEAN COUNTY

Planning Unit 087: AML Printout #253: T148N, R84W, Section 17, NW

Additional Legal Location: See Notes, below

Name: Owner:

Rupp Coal Co. (aka Company, Mine) No data

Category: Commercial/regional and local

Type: Underground, shaft, double entry, room and pillar

Thickness

Overburden: Coal Seam: Mined: Source: 45 ft. 7 ft. 6 ft. CMID:1926

Cultural Resource Site Number: Not formally recorded

Basic Data (excerpted from primary sources):

This mine is listed as a relatively new mine in 1920: "On my last inspection [date unknown] only development work was being done. All of the old mine was abandoned and will be kept under the law." It is not known what "old mine" is referred to; no listings for a Rupp Coal Mine or for other mines were noted at this location in SEBRs or in the 1919 CMID. Although this mine is not listed as closed or not operating in 1926, no listings were noted for a Rupp Coal Mine that mined coal underground following 1926 (see Notes, below).

Descriptive information pertaining to this mine is included in:

[source:year(pages)]

CMID:1920(20) CMID:1926(36) CMID:1921(22) WCB Map:1923

## Notes:

It should be noted that a Rupp Strip Mine is described as a new mine in the 1926 CMID. The Rupp Strip Mine is located at T148N, R84W, Section 18, NE (identified by Planning Unit 087, AML location 249). Since both the Rupp Coal Mine and the Rupp Strip Mine are described in the 1926 CMID, the Rupp Strip Mine is referred to as the Rupp Coal Mine following 1926, production figures are provided for only one Rupp Coal Mine in 1926, and the Rupp Coal Mine (underground) is not listed following 1926, it is unknown if the production figures provided in the 1926 CMID are for the underground mine or the strip (surface) mine. Therefore, 1926 statistics have been included on the table compiled for each mine.

## Rupp Coal Mine (continued)

The 1923 WCB map indicates that this mine was located at T148N, R85W, Section 17, NW (not identified by a Planning Unit and AML location). Magnusson (1960) and NDGS (1920) indicate that this mine was located at T148N, R84W, Section 17 (possibly this Planning Unit and AML location). No information was noted to indicate which of these locations is correct; if the 1923 WCB map is correct this mine is not located at a Planning Unit and AML location. If the 1923 WCB map is incorrect, the mine possibly may be located at this Planning Unit and AML location.
